

PLANT

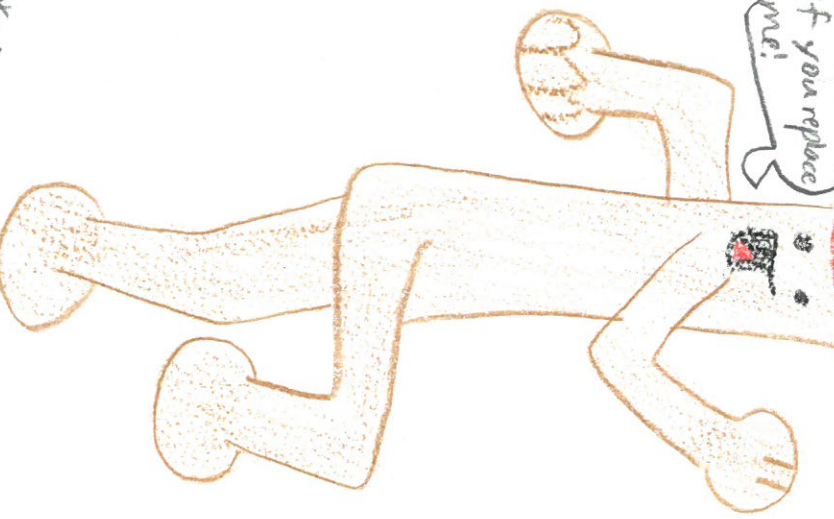

SAVE TREES
BAM HOMEWORK!

SOME MORE

TREE

FUN FACT
Trees make furniture, homes, other buildings, firewood, charcoal, etc. If we don't plant more trees, we won't have those resources.

You can cut me down if you replace me!

Out Of The Circle Posters*

FUN FACT
Like all (well, not all) other plants, trees always photosynthesize. This means that they make glucose out of CO₂ water, and sunlight, and let out oxygen.

FUN FACT
Trees lead to birds, birds lead to fertilizer, fertilizer leads to more plants, and plants lead to better oxygen!

I'm a chick magnet! Get it? Mrs. Dalinden 5th Grade

*A brand that will probably never be used again.
